BOOK SYNOPSIS

The victims of US military campaigns are usually nameless civilians in far away places, but there are also victims closer to home - the soldiers so often used and then discarded by the establishment. *Binding Their Wounds* is a book about US veterans written by a US veteran - Bob Doc Topmiller. Topmiller fought in Vietnam, founded a school for orphans there, and became a professor of history before he tragically committed suicide. Close friend and scholar Kerby Neill stepped in to complete the book. The result is a history of US veterans and their treatment by the US establishment from the early republic to the recent wars in Iraq and Afghanistan. *Binding Their Wounds* offers policy recommendations to improve post-conflict treatment and care for veterans which are long overdue.
